

Nalgene® Polyethylene Carboys

A good choice for storage and transport of reagents. Low density polyethylene resin is made using less catalyst than high density polyethylene and is a better choice for reagents sensitive to the polymerization catalyst. Round, graduated to contain in 5L and 1 gallon increments. Wide shoulder handles allow easy carrying and pouring even with gloved hands. Comes with valve-sealing 83B closure and neck will accept no. 13-1/2 rubber stopper. **LEAKPROOF.** Meets FDA Standards.

| Stock | Cap. Gal./Liter | Cap Size | Price |
|-------|-----------------|----------|----------|
| 72021 | 2-1/2/10 | 83B | \$75.07 |
| 72022 | 4/15 | 83B | \$90.51 |
| 72011 | 5-1/2/20 | 83B | \$103.51 |
| 72012 | 6-1/2/25 | 83B | \$128.04 |
| 72013 | 13/50 | 83B | \$228.99 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.

Nalgene® Wide Mouth Carboys with Handles

Low density polyethylene with a white polypropylene screw closure. Convenient wide-mouth opening for solids, powders, overhead mixers. 100mm closure. LDPE resin is made using less catalyst than HDPE and is a better choice for reagents sensitive to the polymerization catalyst. Graduated in 1-gallon and 5-liter increments. **LEAKPROOF.** Meets FDA Standards.

Nalgene® Autoclavable Wide Mouth Carboys with Handles

Polypropylene with a white polypropylene screw closure. Wide-mouth opening and wide shoulder handles. Graduated in 1-gallon and 5-liter increments. Closure size is 100 mm. Ideal for microbiology analysis, especially when handling large volumes of powders or other solid samples. Originally designed for composite sampling of foodstuffs for Salmonella testing. NOTE: For best results, autoclave using a properly vented closure. **LEAKPROOF.** Meets FDA Standards.

Nalgene® Clearboy Containers

The first carboys for the lab that are transparent, tough and autoclavable. Made of polycarbonate with white polypropylene screw closures. Useful for large-volume media and culture preparation, especially where light is required. Ideal for storing or dispensing reagents or distilled water. Practical for use in cold rooms, even at sub-freezing temperatures. Not recommended for use with hazardous materials. **LEAKPROOF.** Meets FDA Standards.

| Stock | Cap. Liter/Gal. | Cap Size | Price |

| 73013 | 10/2-1/2 | 83B | \$149.45 |
| 73014 | 20/5-1/2 | 83B | \$214.38 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.

Nalgene® Polyethylene Carboys with Spigot

Low-density polyethylene bottles with integrally molded-in threaded boss and quick-action spigot. Excellent for collecting and dispensing distilled water and for handling acids and many other chemicals. Polypropylene screw closures. All but 73055 have two carrying handles on shoulder. The 73055 has molded-in tag loop. The polypropylene spigot an outlet sized for 5/8" I.D. tubing. Also includes a HDPE tubing adapter which takes tubing with a 1/4 to 5/16 I.D. **LEAKPROOF.**

| Stock | Cap. Gal. | Cap Size | Price |
|-------|--------------|----------|----------|
| 73055 | 1 | 38-430 | \$94.70 |
| 73056 | 2-1/2 | 83B | \$136.25 |
| 73057 | 5-1/2 | 83B | \$161.96 |
| 73059 | 6-1/2 | 83B | \$186.45 |
| 73060 | 13 | 83B | \$282.99 |
| 67116 | Extra Spigot | | \$36.20 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.

Nalgene® Polypropylene Carboys with Spigot

Polypropylene, spigot and screw closure, TPE gasket. Ideal for sterile water storage – can be autoclaved before refilling to stop recurring algae or bacterial growth. Excellent chemical resistance. Closure size is 83B. Graduated in 1 and 5 liter increments. Spigot boss molded in one piece with bottle, for strength and leak resistance. Spigot closure (Cat. No. 6423-0010) included. NOTE: Dis-mount and disassemble spigot before autoclaving. Spigot accepts 5/8" I.D. Tubing. Includes HDPE tubing adapter which takes 1/4" or 5/8" I.D. tubing. **LEAKPROOF.** Meets FDA Standards.

| Stock | Cap. Gal. | Cap Size | Price |
|-------|--------------|----------|----------|
| 73086 | 2-1/2 | 83B | \$151.43 |
| 73087 | 5-1/2 | 83B | \$189.70 |
| 73090 | 13 | 83B | \$336.07 |
| 67116 | Extra Spigot | | \$36.20 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.

Nalgene® Polypropylene Carboys

Polypropylene bottle, white polypropylene screw closure, TPE gasket. Popular round shape with handles and 83B closure plus autoclavable PP. Excellent for large batches of culture media, distilled water and other solutions. Graduated in 1-gallon and 5-liter increments. Accepts No. 13-1/2 rubber stopper. NOTE: For best results, autoclave using a properly vented closure. **LEAKPROOF.** Meets FDA Standards.

| Stock | Cap. Gal./Liter | Price |
|-------|-----------------|----------|
| 72023 | 2-1/2/10 | \$90.97 |
| 72016 | 5-1/2/20 | \$129.38 |
| 72017 | 13/50 | \$276.64 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.

Nalgene® Clearboys With Spigots

Autoclavable carboys are ideal for dispensing sterile water, standard reagents and media. Polycarbonate with polypropylene spigot and screw closure. Practical for use in cold rooms, even at subfreezing temperatures. Accepts 5/8 I.D. tubing but includes a HDPE tubing adapter which takes tubing with 1/4 to 5/16 I.D. **LEAKPROOF.** Meets FDA Standards.

| Stock | Cap. Liter/Gal. | Cap Size | Price |
|-------|-----------------|----------|----------|
| 73011 | 10/2-1/2 | 83B | \$210.66 |
| 73012 | 20/5-1/2 | 83B | \$271.88 |
| 67116 | Extra Spigot | | \$36.20 |

Discount: less 5% in 2; less 10% in 4; less 15% in 12.
