## **Universal Absorbents**

All-purpose absorbents for indoor use.

Use these all-purpose absorbents to clean-up oils, coolants, solvents and water-based fluids anywhere in your facility. Around machinery, under leaky pipes or fittings, in messy traffic areas, for general maintenance projects – they are your first choice for indoor spill control. Plus, their gray color masks spills and stains – helping you resist the urge to pick up the absorbent before it is fully saturated.

#### BattleMat® Absorbents

- Ideal for areas with moderate foot traffic or as single use absorbents
- Camouflage patterned, universal 2-ply construction with a durable, abrasionresistant upper layer
