

Cable lockouts – GREAT VERSATILITY!

- The advantage of using cable lockouts is that they can be used in a wide variety of applications
- Cable lockouts can be used to lockout multiple disconnects, valves, etc. with one lockout device
- They can also be used to secure unusual energy isolating devices that are difficult to lock out using conventional means.
- More portable and easier to use than chains, cable lockouts devices are a great addition to any lockout program.
