

Absorbs oil, but not water

PIG Oil-Only Sock — A full year of UV resistance makes PIG the best outdoor sock you can buy.

EXCLUSIVE!

- **Moldable socks** hug corners and surround machine bases to absorb leaks, contain puddles and keep workers safe
- Cellulose filler is hydrophobic — **absorbs oils and oil-based liquids but not water** — in a variety of environments
- Polypropylene skin **resists tearing**; reduces dust and holds in liquid, even when saturated
- Ideal for use **on land**, but also floats to clean up oil spills **on water**
- **Attached string** conveniently allows socks to be tied down, tied together or dipped in noncorrosive wash baths
- Skin is **UV resistant** up to 12 months; meets NFPA 99 standards for static decay
- **Recycled content** is ideal when green products are desired or required

SKM210

"Their performance was flawless!"

"We had to do some hot water pressure washing at a garage facility in NYC, and were required by code to prevent any oils and debris from entering the drain system. We installed drain silt sacks in the area drains and surrounded them with PIG Oil-Only Socks. Once again, their performance was flawless!"
