### Glow Rigid (7520)

.050 material is a combination of polyester film applied to a rigid polystyrene. This material is non-toxic, non-radioactive and glows for more than 6+ hours in total darkness. This product exceeds the following standards: ASTM, IMO, ISO/CD, NFPA and OSHA. Signs are standard with radius corners and pre-drilled corner mounting holes.

Lockout Tagout

### Lamination (5 Year UV Protection)

Add a UV laminate to help prevent sign fading and increase the overall life of the sign. Also withstands most chemical solvents and vapors.

Custom

### Magnetic

.030 material is ideal for mounting on most steel surfaces such as vehicles, tanks, etc. This material is flexible and can be mounted on curved surfaces.

Custom

### NMC Tuff Guard

.063 acrylic material with subsurface printing and protected with vinyl backing. Easy to install with optional adhesive backing or mounting holes. Designed to withstand harsh environments.
