

MAXIM[®]

HCL

RB 312

DESCRIPTION

This product is a disinfectant bathroom bowl cleaner designed for hospital use. It is specially formulated to kill many germs commonly found in hospital, industrial, and institutional environments. It is designed for use in toilet bowls and urinals. This product contains an acid compatible detergent system that removes resistant stains and increases its disinfectant action. When used as directed, this product cleans, disinfects, and deodorizes in one easy step.

DIRECTIONS

Read entire container label before using this product.

TOILET BOWL AND URINAL DISINFECTION/CLEANER DIRECTIONS: Remove gross filth prior to disinfection. Empty toilet bowl or urinal and apply solution of 1 to 2 ounces of this product to exposed surfaces including under the rim, with a cloth, mop, sponge or sprayer. Brush or swab thoroughly and allow to stand for 10 minutes and flush.

When used as directed this disinfectant is effective against the following:

Escherichia coli, Enterobacteriaceae--extended beta lactamase resistance, Enterococcus faecalis--Vancomycin Resistant, Pseudomonas aeruginosa, Salmonella choleraesuis, Salmonella typhi, Serratia marcescens, Shigella dysenteriae, Staphylococcus aureus, Staphylococcus aureus - MRSA, Staphylococcus aureus - VISA, Community Acquired Methicillin resistant Staphylococcus aureus, Hepatitis A virus-- HAV, Herpes simplex virus type 1, Herpes simplex virus type 2, Human Immunodeficiency Virus type 1, Influenza A Virus, Rotavirus.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
