

PRODUCT SPECIFICATION SHEET**PRODUCT INFORMATION**

Style: 2610

Sizing:	Size	Part #
	Small	2610S
	Medium	2610M
	Large	2610L

Registered Brand Name: Kevlar®/Nomex®
Classification: Heat Resistant

**PRODUCT DESCRIPTION**

Description: Kevlar®/Nomex® Seamless Glove
Color: Yellow/White
Material: Kevlar®/Nomex® Outer Shell with Cotton Lining
Weight: Standard
Lining: Cotton
Cuff: Continuous Knit
Heat Resistance: 500°F

Sold by: Dozen Pieces
Packaging (Inner Pack): 12 Pieces
Packaging (Case Pack): 144 Pieces

CUT PROTECTION PERFORMANCE INFORMATION

Test Method: ASTM F1790-97
Test Results: Level 2 - 726 grams, 1.56lbs

WASHING INSTRUCTIONS

Rinse gloves in cold water. If presoaking use luke warm water to ensure good particle softening. Mild detergents, soaps or chemicals should be used to enhance the laundering process. "DO NOT" use any bleach or dry cleaning solution when cleaning these products. Use a warm water wash with a temperature not to exceed 160°F (71°C). Wash time should not be longer than 10 to 15 minutes. Rinse product in cold water. Repeat above as often as needed to ensure a thoroughly clean product. It is important to use a high extraction speed to thoroughly remove all excess moisture. Tumble dry all seamless knitted products in a temperature of not higher than 150°F (67°C) for a time of 10 to 15 minutes. If special conditions arise, please consult your Wells Lamont specialist for additional information and recommendations to launder your products.

CAUTION

The degree of heat resistance a glove may offer is directly related to the duration of exposure and weight of the object being handled.
