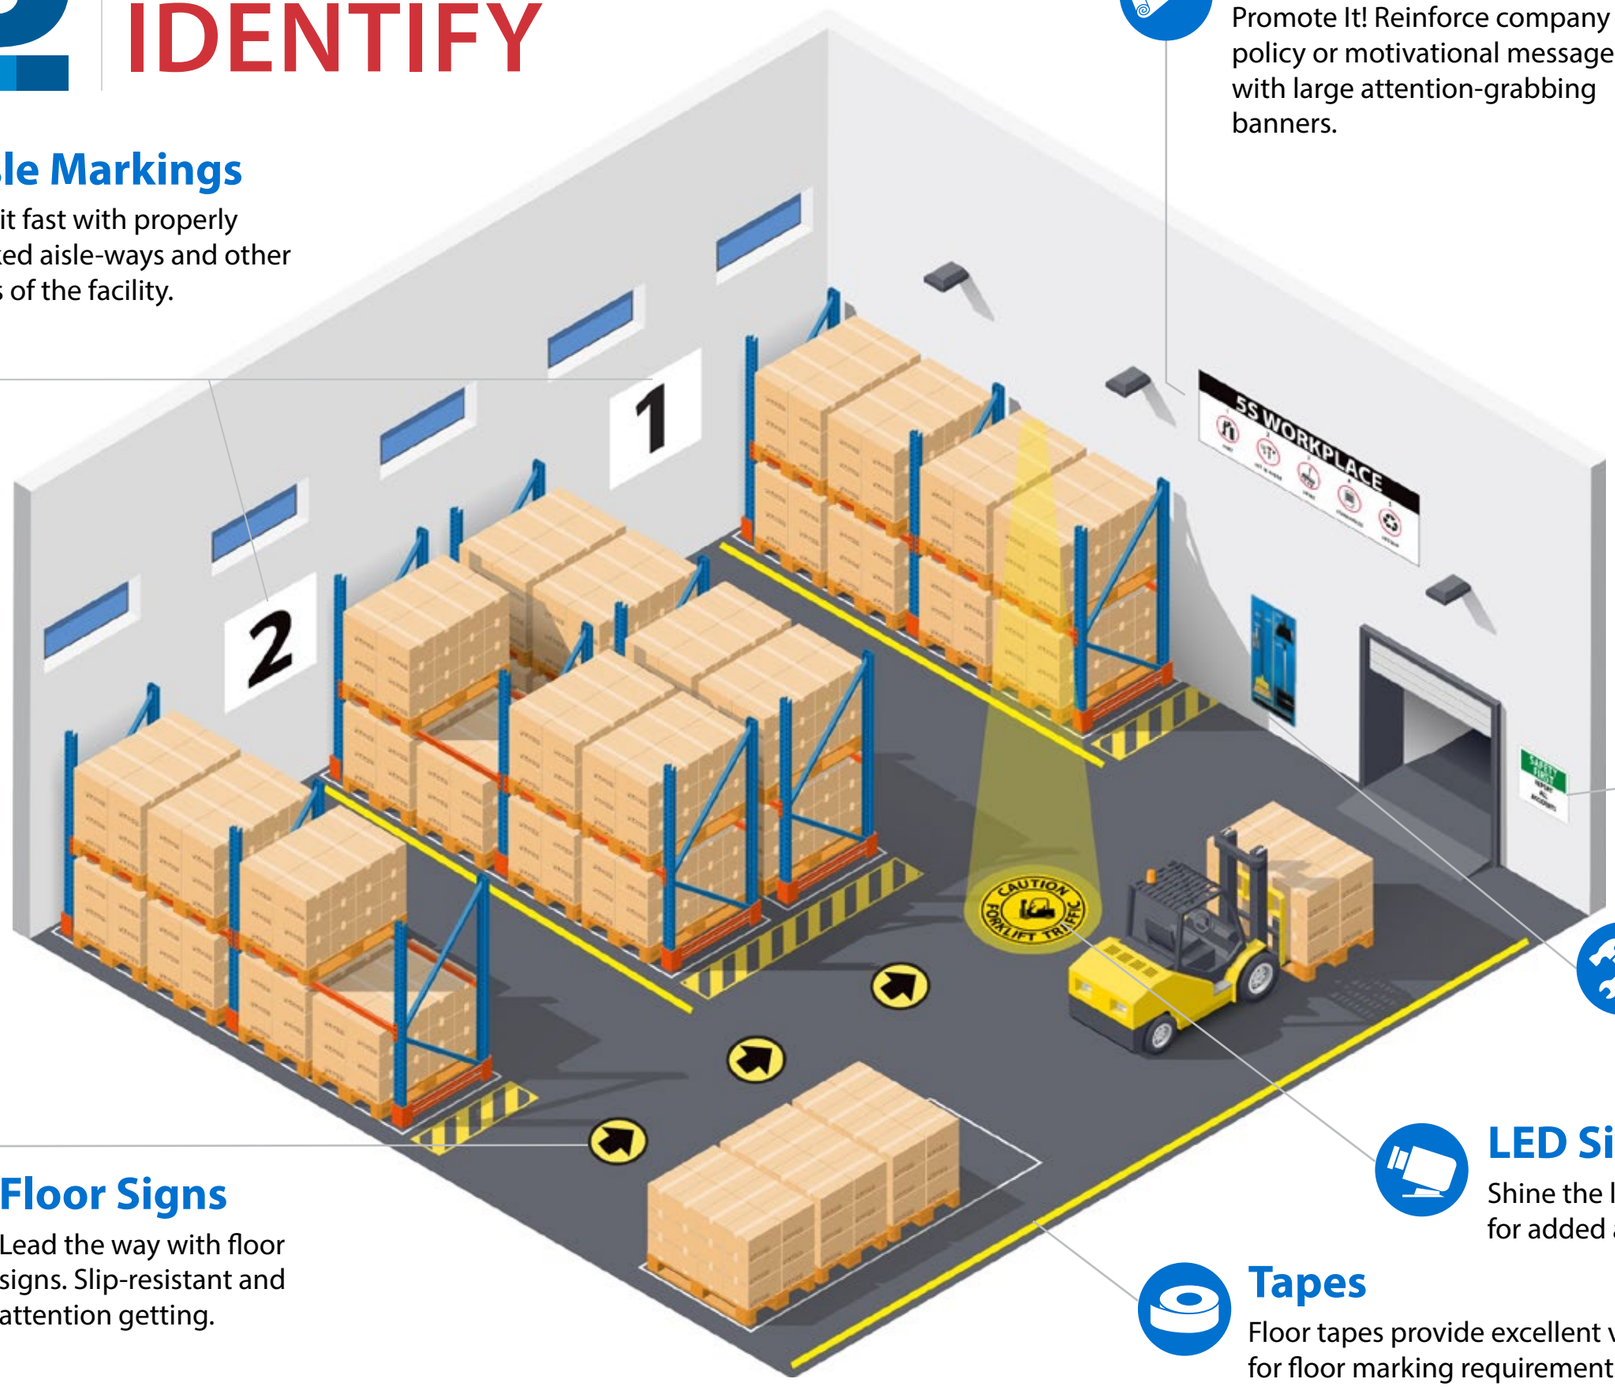
5S WHERE TO IDENTIFY

Aisle Markings

Find it fast with properly marked aisle-ways and other areas of the facility.

Banners

Promote It! Reinforce company policy or motivational messages with large attention-grabbing banners.



Floor Signs

Lead the way with floor signs. Slip-resistant and attention getting.

Tapes

Floor tapes provide excellent visibility for floor marking requirements.

LED Sign Projector

Shine the light. Project your message for added attention and visibility.

Shadow/KPI Boards

Measure what you treasure with custom KPI boards, and organize what matters with stock and custom shadow boards.

OSHA/ANSI Signage

Safety is often the 6th "S". Ensure your facility is in compliance with workplace safety identification.

The 5 Steps To 5S SUCCESS

1 SORT

Remove all items that are not used or needed in the work area.

2 SET IN ORDER

Find the best location for remaining items, set inventory limits, and place temporary labels, lines and signboards.

3 SHINE

Clean, repair, and paint everything, inside and out. Prevent dirt, grime, and contamination from reoccurring.

4 STANDARDIZE

Write 5S SOP for maintaining and controlling the first 3.

5 SUSTAIN

Maintain established procedures by continuously auditing and improving processes.

NMC Justrite Safety Group

When in doubt, move it out!

- Assign a Red Tag Manager to oversee the area and discuss removal of any items with all team members and departments.
- Red tag all unnecessary and infrequently used items and move them to a designated "red tag area".
- Dispose of or donate red tagged items appropriately based on company, industry, and environmental standards.

Red Tag Signs

Designate your Red Tag Holding Area for unnecessary, obsolete, or misplaced items that have been tagged.

MANUFACTURED IN ★ AMERICA ★

The Advantages of Shadow Boards

Commonly used to store hygienic cleaning tools, devices, workshop equipment and cleaning products, this visual storage solution is used by a range of industries including food and beverage processing, manufacturing, and warehousing & distribution.

Five Advantages of Shadow Boards

Clean & Organized

Shadow boards help your business stay organized, clean, and safe: Shadow boards, cleaning stations or tool boards, are used to achieve an organized and safe environment, from both a health and safety, and a hygiene perspective.

Crucial Solutions

Shadow boards are crucial to 5S: Shadow boards play an important role in the smooth operation of 5S lean management (set in order).

Operational Excellence

Color-coded shadow boards can improve operational results: By using visual cues, an organized workplace is achieved when tools and equipment are stored in an appropriate location close to the work area or workstation. Having tools at hand leads to greater efficiency at work, because employees do not waste time searching for missing tools since they are stored safely and visually when not in use.

Reduce Hazards

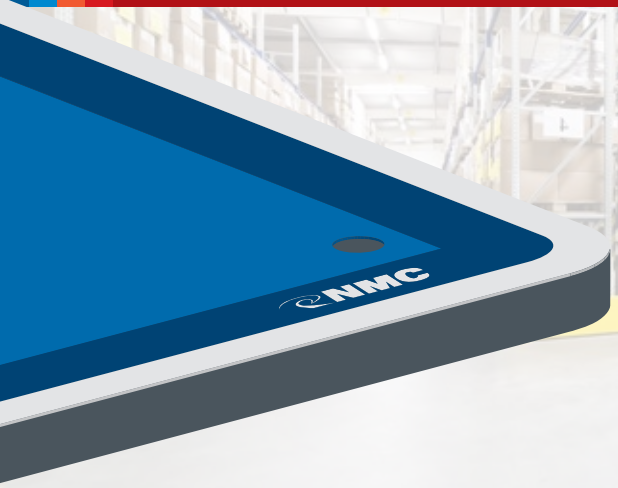
Shadow board use reduces safety hazards: Without shadow boards, tools can go missing which is not only highly dangerous but can cause product cross-contamination, especially within food processing. Using a shadow board in your factory or workshop can help minimize the risk of cross-contamination.

Measurable Results

Shadow board use can benefit a range of industries: While ideal for use with the Food Processing industry, shadow boards are equally relevant within the Manufacturing, Retail, Warehousing & Distribution, Agriculture, and Energy sectors; producing enumerable benefits across the organization.

Material Selection Guide

General Purpose Composite

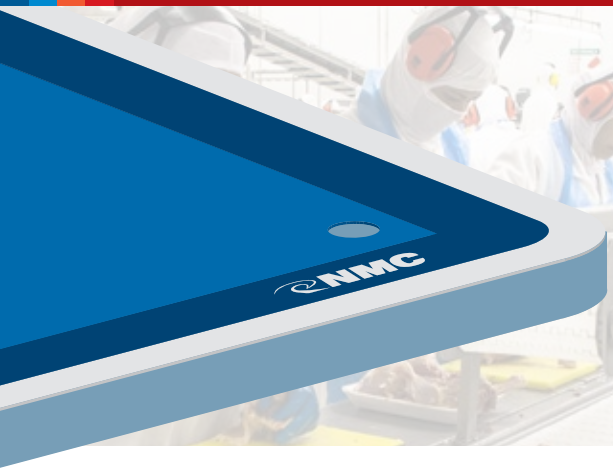


- Basic maintenance and janitorial usage
- Dual-layered aluminum with plastic core
- 50% lighter than Aluminum Grade
- Temperature range of -60° to 180°F
- Features anti-static properties
- Protected with Sign Muscle®

Industrial Grade Aluminum

- Great for industrial, manufacturing & construction usage
- Superior strength & rigidity
- Corrosion resistant
- Temperature range of -40° to 250°F
- Protected with Sign Muscle®

Pro Series™ Food & Medical Grade Acrylic



- Designed for food processing and wash down environments
- Subsurface ink will not chip, peel, or deteriorate
- Pressure washable
- Temperature range of -30° to 190°F
- Antimicrobial properties

Don't see what you need?

Our Customer Support Team is here to help you every step of the way.

Custom Gallery & Idea Generators

Shadow boards go a long way towards helping your facility adhere to the methodology of 5S. But beyond that, the impact of the global pandemic has elevated the importance of cleanliness, sanitation, and hygiene within the workplace.

Our range and depth of customized shadow board solutions will help to keep your employees and workplace clean, efficient, and safe.

- Unlimited Colors & Imagery
- No Minimums or Set-up Fees
- Virtually any Size

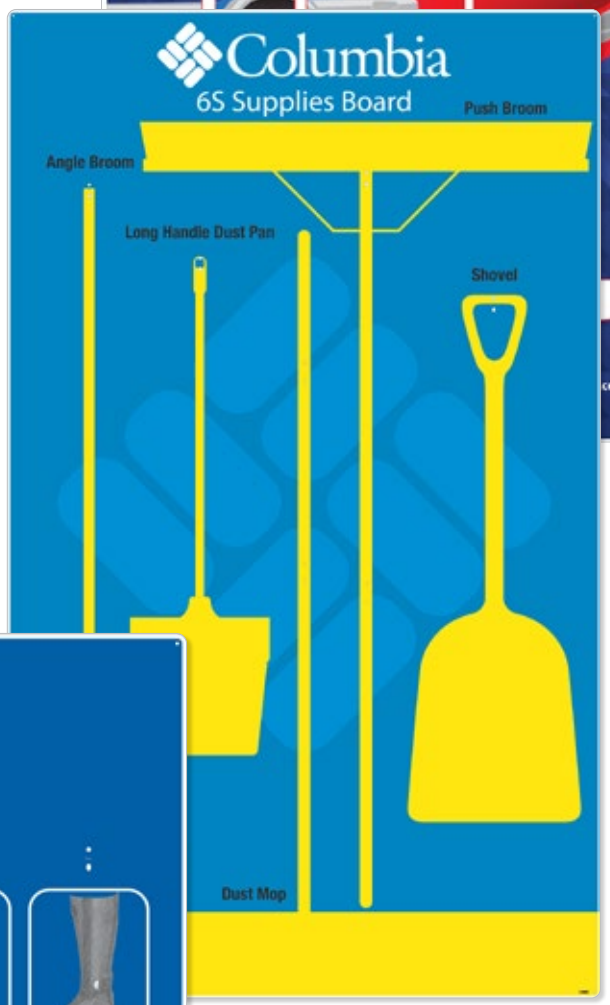
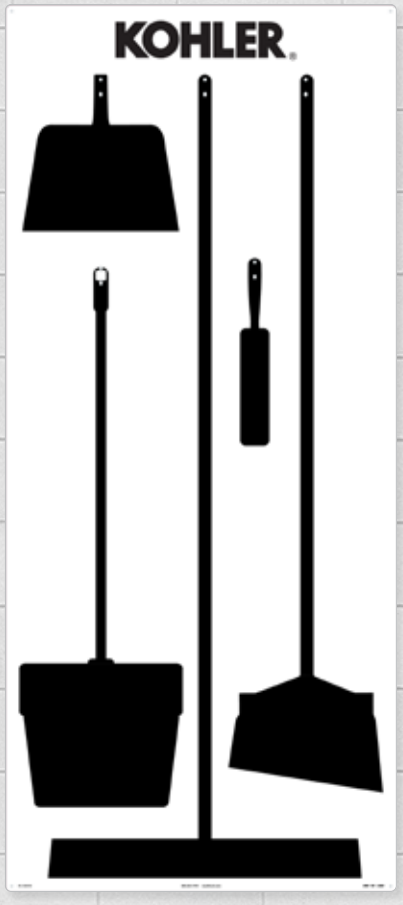
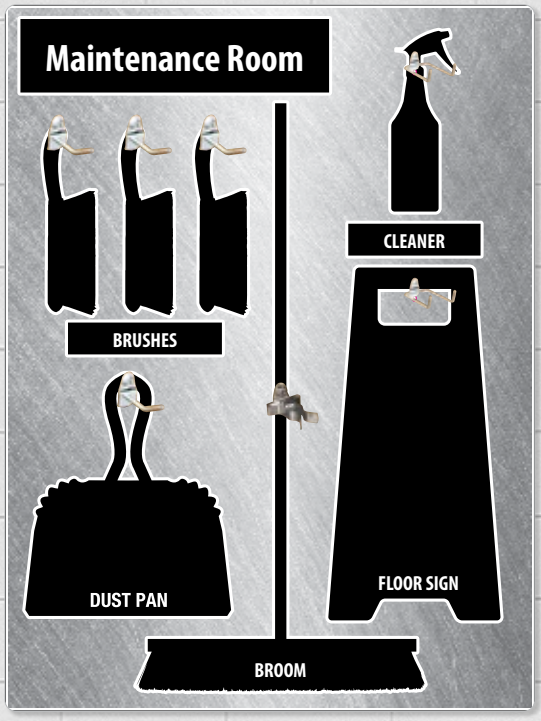
Go Beyond Standard...

Make It Custom!

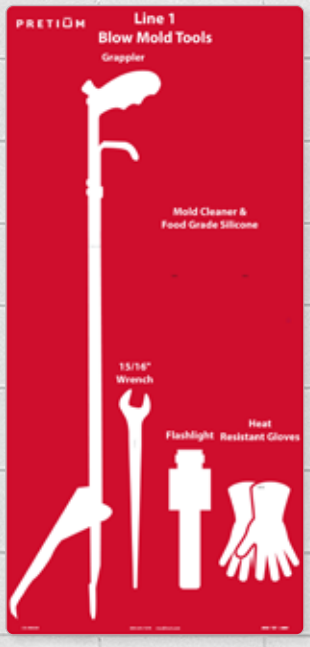


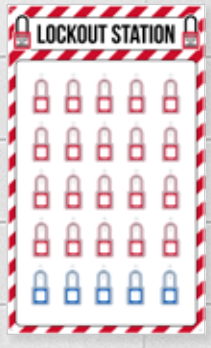
Cleaning, Janitorial & Maintenance





Food, Manufacturing & More





Create Your Custom Shadow Board…

…In 4 Easy Steps

STEP 1

Choose Your Material

General Purpose Composite

Industrial Grade Aluminum

Pro Series™ Acrylic

STEP 2

Measure

Measure the space where your shadow board will hang. Or let us know if your board will need to be mounted to a mobile cart.

STEP 3

Tell Us About Your Tools

Option 1

Take a clear, straight on picture of each tool next to a ruler. Provide us with a general overview of the estimated size of the board need.

Kobalt 3-Blade Utility Knife
Item # 365654 **Model #** 55908

Option 2

Provide a list of tools along with their manufacturer, part number, and description.

STEP 4

Provide us with:

Your Logo

High res/vector art

Your Colors

Background, shadow, font colors

Your Message

Tool names, part numbers, department

5S Shadow Boards = A Place for Everything, and Everything In It's Place.

DID YOU KNOW?

Properly deployed shadow boards can reduce administrative and production costs – increasing profitability at your location.

Janitorial Cleaning Boards & Combo Kits

NMC's Janitorial Cleaning Station Shadow Boards drive hygiene and cleanliness within your facility:

- We offer Cleaning Stations for both Mop and Dry cleaning needs
- Janitorial cleaning stations support your 5S program
- Eliminate wasted time and motion searching for missing tools. Eliminate frustration, and avoid cross-contamination
- Improve the safety of your workplace and contribute to employee engagement through a tidy, organized work environment
- Ideal platform for building a workplace that's engaged with 5S and promotes employee participation

Mobile Cart Solutions

Push 5S Compliance or Communication Where it is Needed Most.

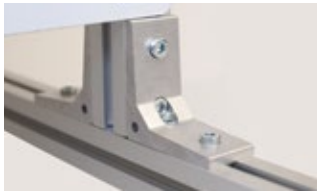
Mobile carts provide a maneuverable solution to perfectly support the organization of cleaning equipment, tools and more within the workplace, in addition to delivering point-of-need communication.

Available in three sizes, mount stock or custom shadow or KPI boards to these anodized aluminum frames with casters and move from workspace-to-workspace as needed.

About our Mobile Carts

- Three popular cart sizes
- (4) Swivel, locking casters; zinc-plated steel housing
- 2" diameter rubber coated wheels
- Some assembly required; instructions and assembly hardware included
- Mobile Carts can hold two boards, one per side
- MC01 fits NMC's Janitorial (Dry), and Wet & Dry Zone Cleaning Station Shadow Boards
- MC02 fits NMC's Janitorial (Mop) Cleaning Station shadow boards
- Custom boards can be designed to fit mobile carts

ITEM NO	SIZE
MC01	68" x 30"
MC02	72" x 36"
MC03	72" x 47 1/2"



Board Accessories

Customized to Your Needs

Our shadow boards are traditionally mounted three ways:

1. **Directly to the wall**
2. **Mounted to the wall with standoffs**
3. **Mounted to a mobile cart**

Consider mobilizing your shadow board with our mobile cart options (see page 19) or providing a finished look with stainless-steel wall-mount standoffs (below). Beyond a finished look, standoffs play a role in environments where wash-downs are the norm by allowing air-flow behind the board, enhancing dry-time and mold remediation.

NEW! Store-Drawers™ Foam Tool Organizer: Create Your Own

The best toolbox organizer is the one you can customize to meet your exact needs! With our DIY foam, you can easily create your tool organizer any way you want it and eliminate wasted time searching for tools and equipment in drawers.

Shadow foam kits are ideal for facilities using Lean manufacturing practices that increase organization and create a place for everything and everything in its place. This unique tool organization system also reduces costs and downtime by reducing the likelihood of tools going missing, and the time spent searching for them.

40" x 27" foam sheets with 1/2" top layer and 1/4" bottom layer. Contrasting colors create an easily identifiable shadow for tool placement.

Color Combination (Top/Bottom)

5S Store-Drawers™ Foam Tool Organizer

NEW! Foam Material Description

Dense, textured polyethylene foam is chemically cross-linked to be durable and heat stable, yet lightweight. The foam material is resistant to oils, solvents, and jet fuels and cuts easily to fit inside tool drawers.

Key Features:

- 3/4" thick dual-layered foam
- Top 1/2" layer , with 1/4" bottom layer
- Complies with the requirements of the FDA's food contact regulations

Kits includes:

- 40"x 27" foam sheets with 1/2" top layer and 1/4" bottom layer in contrasting colors
- Contrasting colors create an easily identifiable shadow for tool placement
- Adhesive-backed grid sheet allows for easy tracing of tools
- Tools not included

Wellness & Sanitation Stations

Step-Up Your Workplace Illness Prevention

Benefits of a Clean Workplace

Now, more than ever, employers are expected to reinforce safe workplace hygiene standards and provide cleaning and hygienic supplies, such as masks and gloves, sanitizing products, and more. But how are these valuable resources being made accessible to employees? NMC's Workplace Wellness & Sanitation Stations* are an ideal way to increase accessibility and participation while driving illness prevention efforts.

Help your employees remain actively aware of company protocol in all areas of the facility. Wall mountable Workplace Wellness & Sanitation Stations* can be mounted directly to wall areas at high-traffic locations.

Think long-term solutions for a healthier workplace. It is now the minimum expectation.

*PPE and sanitation supplies not included.

Customize your design!

Don't see exactly what you need? Contact us to conceptualize your Hygiene Sanitation Station. Include your specific product needs, company branding, department name, a customized message, and full-color graphics.

NEW! Industrial Floor Tapes

Built to withstand industrial traffic, NMC's new line of 30 & 50 mil thick floor marking tapes provide a long-lasting solution that goes down easy and cleans up just as well.

- Designed for long-term floor marking, yet still removes cleanly
- Smooth, easy to clean, slip resistant
- Dual beveled edges allow industrial wheels to roll over smoothly (50 mil option)
- Designed to withstand forklift traffic (50 mil option also withstands industrial brush scrubbers and other equipment)
- Leaves no residue when removed
- Faster to install than paint, with zero downtime
- Rubber based, pressure sensitive adhesive
- Service temp range: -10°F to 150°F
- Application temp range: 40°F to 150°F

Marking Tape Floor Applicator

Mark specific areas to promote safety.

- Stable, stand-alone design
- Holds up to a 4"x 180' roll of floor marking or a 4"x 150' roll of pavement marking tape
- Large wheel base for smooth tape placement
- Heavy-duty construction
- Minimal assembly required

PART NO.	PRICE
FTA01	$223.29

Cannot be used with tapes on page 27

Reflective Safety Tapes

With excellent visibility and rated for 5-7 years of outdoor life, these reflective tapes meet ASTM specifications D4596-01 Type 1. This 6 mil vinyl tape applies easily to clean, smooth, dry surfaces with a synthetic rubber resin adhesive. Uses include:

- Poles
- Barricades
- Fences
- Buildings
- Roadway hazards

NEW! Heavy-Duty Floor Marking Strips

The best choice for superior durability, performance, and easy-to-apply Floor Marking solutions for your industry!

- Strips and shapes are made with thick polyethylene with an aggressive polypropylene adhesive backing
- Beveled edges reduce tears and lifts from pallet dragging
- Full adhesive back forms a solid bond, eliminating liquid from seeping underneath
- Easily applies and bonds to a variety of clean sealed, and non-coated surfaces
- 48-inch long strips allow you to keep lines straight
- Strips are easily trimmed to needed length or to create corners
- Perfect for the Set in Order phase of 5S implementations
- Service temperature range: -90°F to 168°F
- Additional colors available
- Tough-Mark® can be custom printed, contact us for details

Walk-On™ Floor Signs

- Made from pressure sensitive vinyl with anti-slip laminate
- Custom legends and graphics available
- Not suitable for heavy work-vehicle areas
- 17" diameter

Material Overview

Walk-On™ (Smooth)

12+ Month Use

Smooth Surface

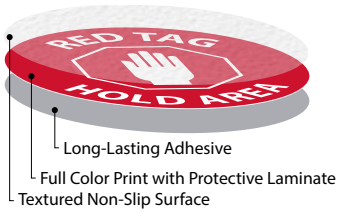
- Heavy-Duty: For workplace/industrial applications
- Longer term indoor use
- Adheres to a wide variety of smooth surfaces with superior performance on sealed concrete
- Smooth semi-gloss surface is easy to clean
- UL 410 rated for slip resistance

Why Walk-On™ Smooth?

High-performance adhesive, easy-to-clean, and ideal for heavy-duty workplace and industrial applications. Designed for areas with frequent/continuous foot traffic.

Walk-On™ (Textured)

12+ Month Use



Textured Surface

- Heavy-Duty: For workplace/industrial applications including motorized vehicles
- Longer term indoor use
- Adheres to a wide variety of smooth surfaces with superior performance on sealed concrete
- ASTM D-2047 certified for static friction

Why Walk-On™ Textured?

Ideal for heavy-duty workplace and industrial applications with higher levels of continuous foot traffic, motorized forklifts, and pallet jacks.

*All materials will withstand periodic cleaning with floor scrubbers.

Call us today to get started!

Create Your Own Visual Communication Board!

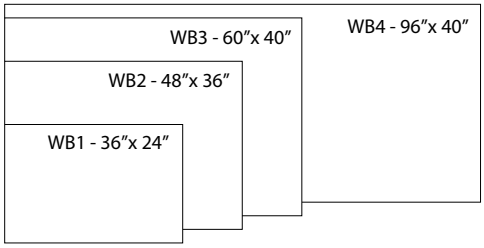
Keep everyone in the know, whether your message is stationary or on-the-go with our Wall-Mounted and Mobile White Boards.

Wall-Mounted Magnetic Whiteboards

- Boards are durable with a 1" aluminum frame
- 2" deep tray provides additional room for materials
- Mounting brackets and hardware included

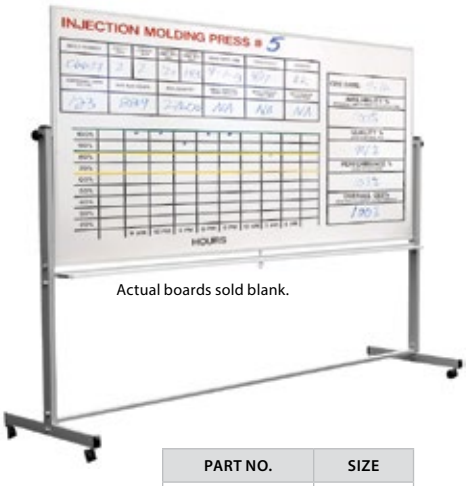
Actual boards sold blank.

PART NO.	SIZE
WB1	36" x 24"
WB2	48" x 36"
WB3	60" x 40"
WB4	96" x 40"



Double-Sided Mobile Magnetic Whiteboards

- Mobility with four casters, and two locking brakes
- Boards are reversible and can be flipped for twice the writing surface
- Full-length tray provides additional room for materials



Actual boards sold blank.

PART NO.	SIZE
WB5	36"x 48"
WB6	48"x 36"
WB7	40"x 60"
WB8	40"x 96"

Communication & Production Boards

The dry-erase surface makes updating information easy, and our design team will customize the ideal layout for your company's unique work flow.

- Visually display schedules, goals, and sales targets
- Track production work status and time commitments
- Manage and update on-going work place initiatives
- Assign job responsibilities, tasks, and duties

DEFINED BY YOU BUILT BY NMC

Go beyond standard...

MAKE IT CUSTOM!

How to Order

1. Layout

Show us a basic layout or template of what you would like. We can print your logo, full-color graphics, tables, grids, and more.

2. Size

Ranges from 24" x 36" up to 48" x 96". Have a bigger project? Contact us!

3. Material

Tell us if you need magnetic receptive or non-magnetic.

Once we have all of your requirements in hand, we will provide a quote and proof for your review.

Additional requirements.

- Do you need accessories to be included like a mobile stand or printed magnets?
- Magnetic Dry Erase boards are available in 8 sizes with aluminum frames and marker trays.
- Choose either wall-mounted or a double-sided board with mobile stand.

DON'T LET YOUR 5S NEEDS BE OVERWHELMING

Our Customer Support Team is here to help you every step of the way.

There for every important safety decision.

NMC's Patented Sign Muscle® coating guards against UV fading, high-pressure/high temperature wash-downs, and graffiti to ensure your sign is ready, and readable, when it matters most.

Applied free to most identification products.
