

Luminator

Safety Glasses

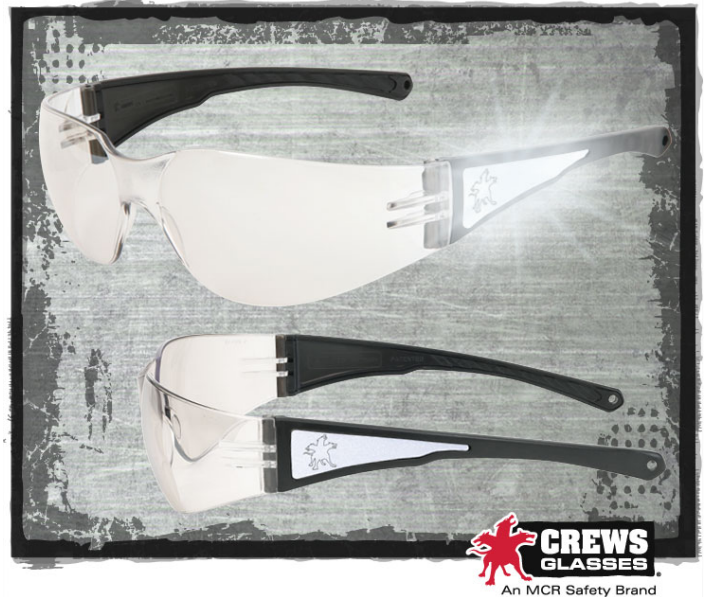

Specification Sheet

PRODUCT DESCRIPTION:

MCR Safety is proud to announce some glasses that dare you to--Just Try to Outwork Us. The patented design on the Luminator reflective glasses integrates retro-reflective material into the temples for greater visibility and safety. What the heck is retro-reflective? When light hits these temples it reflects back just like the reflective stripes on a safety vest. The workplace is a dangerous environment and you need to be seen to be safe. Soft no slippin, better grippin temples keep these bad boys in place. The Luminator reflective glasses will help you be seen and be safe.

FEATURES:

- Retro-reflective material integrated into the temple for maximum visibility
- Rugged polycarbonate lens filters 99.9% of harmful U.V. rays
- Non-slip, soft temple material
- Exclusive Duramass® scratch resistant coating

TECHNICAL DATA FOR: CK310

Lens Design: Single
Temple Type: Bayonet

Packaging: White Inner Box
Case Pack: 144 PR per CS
Case Dimensions: 18.898 x 12.205 x 15.354 IN
Case Weight: 13.940 LB
Meets or exceeds the following certifications:
 ANSI Z87+
Country of Origin: Taiwan
