Tool Connections

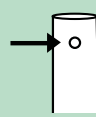

Press On

These tools press on the Unger cone, making hard-to-reach areas easy to clean. The special grooves on the cone ensure a secure fit for the tools.

Screw On

These tools screw onto the ACME thread of an Unger cone.

Snap On

These tools snap directly onto Unger telescopic poles.

Lock On

Any tool with a hole in the handle and "LOCK" inscribed on it locks onto the ErgoTec® Locking Cone. This prevents the tool from twisting or pulling off the pole during work. The ErgoTec® Locking Cone is a standard feature on all OptiLoc™ and TelePlus™ poles.
