

Web Foot® Mops

Web Foot® offers the best performance in the industry with maximum absorbency, ultimate durability, fast drying, and superior launderability.

- Contains antimicrobial product protection to inhibit the growth of bacteria that causes odors and stains and shortens useful product life
- Looped ends and tailbands reduce tangling for like-new performance after every laundering
- Prelaundered and preshrunk for longer product life
- Colorfast colors will not fade with repeated launderings
- Suitable for healthcare and general commercial maintenance applications
- Premium launderability, up to 75 launderings

BUILT-IN ANTIMICROBIAL PROTECTION

Rubbermaid Commercial Products was the first to spin antimicrobials directly into the mop yarn itself. Web Foot® Mops contain built-in antimicrobial protection for superior performance and product life.

Web Foot® Shrinkless Wet Mops

- Balanced 4-ply blend of cotton and synthetic yarn is prelaundered
- Woven tailband allows the mop to cover more floor area per stroke, saving time and money
- PVC-coated mesh headband prohibits moisture penetration and resists chemicals
- Recycled content: colors are up to 35% post-industrial cotton and 45% PET plastic; white is up to 35% post-industrial cotton

Web Foot® Finish Mops

- Looped-end 4-ply synthetic yarn is designed for a controlled release of floor finish
- Tailband is sewn on the inside of mop and helps reduce the "drag" patterns common to most finish mops
- Recycled content: up to 74% PET plastic
- Shipped as compact mop packages
- Premium launderability, up to 75 launderings
