Bio Live 6935

Destroys Odors Naturally

Color: Green
Fragrance: Fresh

Dilution: 4-8oz/Gal
pH: 8.0

This product is a liquid concentrated microbial cleaner for use on hard surface floors such as quarry tile and concrete in commercial kitchens and other food preparation areas. It combines biodegradable surfactants for immediate cleaning and a blend of specifically selected microbial cultures that penetrate deep into tile pores for the breakdown of residual organic material. The cleaner is recommended to be emptied down the drain line where it will offer an effective drain and grease trap treatment. Regular use prevents grease build-up, reduces slippery floor surfaces, maintains a sanitary and odor-free floor, reduces organic material buildup in drains, and eliminates conventional hazardous cleaners.
