

Universal Features

Certified by NSF

Wash stations are constructed from welded #16 gauge type 304 stainless steel. The front, bottom and back are formed from a single sheet with a rolled rim on front and sides. All models have a 10" high backsplash and a 2" drain opening. Exposed surfaces have a blended uniform satin finish.

SANI-LAV Model 512F1

Hands-free design for use in the food service and processing industry.
