

Rawhide® Laundry Nets

Southern
SC
Converters

Rawhide® Laundry nets - various styles of construction, sizes & colors

- Used in Commercial laundry, shirt laundry and other washing/processing applications to segregate shirts or other washables by color, starch (light, med., heavy, etc.)
- Comprised of high quality, 100% polyester mesh netting. Excellent colorfastness and abrasion resistance. Considered the finest net bag available.
- Functional in any wet processing application. Stands up to wet cleaning in laundry and all solvents in dry cleaning. Other applications for nets include produce, meats and manufactured products.
- Finest quality, most durable seams in the industry. Unbreakable!
