

## Specialty Cabinets FOR FLAMMABLES

### Store smaller quantities nearby

When storing smaller quantities of flammable liquids at a work-station or adding to existing storage capacities, our Mini, Countertop and Compac cabinets make it possible to store flammables safely even when available space is at a minimum. Supplied with one adjustable shelf, these cabinets have the same great features of Justrite's larger cabinets.

**Mini Safety Cabinet** offers the smallest footprint available to hold small quantities of flammables for cleaning and maintenance at point-of-use applications. Three bungee cords keep contents in place when transporting cabinet on service vehicles, carts, or maintenance trikes.

**Countertop Safety Cabinets** allow increased access to often-used liquids, without compromising safety. Portable size keeps work areas flexible. An optional wall hanger assembly is available if wall mounting is desired.

**Compac Safety Cabinets** fit almost anywhere and provide protection even where space is at a premium. Only 23<sup>1</sup>/<sub>4</sub>" (591mm) wide, they hold a full 12- or 15-gallons (45 or 57L) of flammables. A great size for the home handyman.
