

SpillBerm Plus Containment Barrier

Non-Absorbent Barrier Diverts Liquids

This sturdy, flexible 100% polyurethane Barrier stands up to oils, coolants, solvents and water. The tacky bottom grips smooth surfaces and keeps liquids from seeping underneath.

Hassle-Free Customization

Built-in dovetail connectors create a leak-proof seal and let you combine SpillBerms to fit any area — without extra parts.

Keep It Handy

Store a SpillBerm Plus close to spill-prone areas since it's quick and easy to deploy. Also cleans easily with soap and water for reuse.

The 4.5" height is great for containing deeper pools of liquid. Once a spill is under control, cleanup or reclamation is simple.

Helps you comply with 40 CFR 122.26, 40 CFR 112.7(c)(1) and 40 CFR 263.30(a). See page 67 for details.
