Entrance – Outdoor

SOIL GUARD™ SOIL GUARD w/Grip-Step™

Soil Guard™ is a durable outdoor entrance mat intended to guard against soil with its high-low scraping design. Its low profile allows for easy door clearance as well as regular cart traffic, while a specially formulated rubber allows Soil Guard™ to withstand harsh weather environments and heavy foot traffic. Soil Guard™ excels in both indoor and outdoor high traffic entryways, and can be hosed off for easy cleaning. The 350 version is available with a silicon carbide grit surface for additional traction.

Where to use:

Outdoor high traffic areas.

Product info:

- Heavy-duty, durable rubber matting designed with low profiles for door clearance / cart traffic
- Raised bar design scrapes debris from shoe traffic
- Easy to clean – simply hose off
- Available with silicon carbide grit surface (#350) for additional traction
- Overall thickness is 1/4 inch to minimize tripping hazard
- Recommended and approved product as a part of the GreenTRAX™ program for “Green Cleaning” environments
