Tool Connections

Lock On

Any tool with a hole in the handle and "LOCK" inscribed on it locks onto the ErgoTec® Locking Cone. This prevents the tool from twisting or pulling off the pole during work. The ErgoTec® Locking Cone is a standard feature on all OptiLoc™ and TelePlus™ poles.

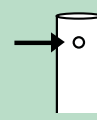

Press On

These tools press on the Unger cone, making hard-to-reach areas easy to clean. The special grooves on the cone ensure a secure fit for the tools.

Screw On

These tools screw onto the ACME thread of an Unger cone.

Snap On

These tools snap directly onto Unger telescopic poles.
