

# DISPOSABLE RESPIRATORS

*Cool, comfortable, collapse-resistant*

Moldex® respirators have many design innovations that set them apart from the competition.

A pinch-free contour molded nose bridge provides unmatched comfort and eliminates the constant readjustment that is necessary with metal nosebands.

Dura-Mesh® shells provide bi-directional protection from dirt on the outside and moisture on the inside.

These, and many other proprietary advantages create a family of Moldex respirators that can be worn comfortably for longer periods, increasing compliance while decreasing cost.

Soft Foam Nose Cushion

Pinch Free Nose Bridge

Contour shaped for comfort

Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

Moldex industrial respirators are available in up to 3 color coded, distinct sizes to fit a diverse workforce comfortably.
