

The Efficient Workplace Program Helps a Metal Manufacturer Improve Safety, Efficiency and Sustainability

case study

Problem

A manufacturer purchased 25-pound boxes of rags for wiping tasks throughout its facility.

- Rags were inconsistent in size and quality
- Weight of rags increased disposal costs
- Lint from rags created re-work
- Boxes were large and took up space

Countermeasure

WypAll* X70 Wipers for absorbency that extends usage and reduces waste

Results

By switching from rags to consistent **WypAll* X70 Wipers**, the manufacturer saved waste, cost and storage space:

- Reduced waste to landfill by 92%
- Reduced cost by 26%
- Reduced storage needs 68%
