

High Level Abrasion Resistance

505

Worldwide Protective Products style 505 is made from exclusive ATA® yarn and dipping technology and offers ANSI Level A4 protection in a lightweight 13 gauge package. Our proprietary black “hybrid” dipped coating is unmatched industry wide for it’s abrasion resistance, flexibility, and performance. Extremely flexible and ergonomic, this is one of the most comfortable industrial safety gloves on the market today. Fully CE rated and ready for use in the EU.

PRODUCT DETAILS

Features

- 13 Gauge Construction / ATA® Fibers
- Light Weight / Black Hybrid Palm Dip / CE Rated
- Individually Bagged By Pairs / Knitted in the USA

Benefits

- ANSI Cut Level A4 Protection / Machine Washable
- High Level Abrasion Resistance / Extreme Comfort & Fit
