

CLAW COVER® C6 EC

Extended Protection for the Off Hand

APPLICATIONS

Off Hand Glove
Direct Food Contact
Food Prep
Food Processing
Foodservice
Grocery
Retail Meat & Poultry

FEATURES

We appreciate the knife hand for its skill and precision in using a blade. But we never forget it's typically the off hand that encounters the highest risk. Designed with an extended cuff to protect more of the off hand, the Claw Cover® C6 EC delivers an outstanding ANSI level A6 for cut resistance thanks to a precise blend of high performance fibers and stainless steel. Great laundry features and abrasion resistance give it a long wear life and excellent value. Like all Claw Cover gloves, the C6 EC is manufactured according to 21 CFR Chapter 1 regulations and approved for direct food contact. Made in the USA.
